PREFACE

“Children are not vessels to be filled; they are lamps to be lit!”

Considering it to be the spark of the cosmic and transcended light of Universe; upon whose shoulders the future of country rest-upon. KBS has been coaxing for the sublime cause and concern for more than two decades, facing the great challenges both natural and unnatural.

Nevertheless, we have been enabled to cope with those challenges and achieved significant landmarks, through the hard and persistent endeavor. The dominant problem in the present social set-up is to raise the awareness of scholars against the great down-fall in civilization, merely diverting the natural interest of scholars towards non-educational entities. Education is not the amount of information forcibly put into the brains of children which remain undigested the whole life but should serve as a powerful instrument for life building, man-making and character shaping.

In pursuits of such an ideal, KBS has taken-up idealistic education program in different ways and still striving hard to defeat the immoral social traits.

PINACLE EVENTS AT GLANCE

1. NEW-ADMISSION

KBS is liberally accepting the new admission within its manageable capacity to cope the things well in manner. This year our strength is around Nine Hundred.

All classes have two sections from Nursery to X. This is indeed a huge liability to complete the task successfully.

2. A HUMBLE TRIBUTE

KBS family is determined to pay humble tribute to the departed soul late Dr. Wilhelm Schjelderup from Norway.

Dr. Schjelderup was thoroughly gentle man and sublime personality of a rare type. His presence on the earth was the blessings of god. He worked hard to sustain peace, love and social harmony across the world.

ANNUAL REPORT 2017

What work he has done in the way of advancing the educational breakthroughs esp. for downtrodden and underprivileged children is an amazing and indelible maneuver. "Good and great people never die". His message of love and peace is still relevant to us, guiding and inspiring us for an excellent endeavor.

KBS has solemnized a tearful condolence ceremony on October 25, in which students, teachers and principal have paid their humble tribute to the great soul.

May the departed soul rest in peace.

3. A WONDERFUL LANDMARK

Beyond the chalk and talk education, KBS has played prominent and prudent role in diversifying its faculties and capabilities and did right use of its scholars potential with respect to the event of International standard ISA (International School Award) 2016-19 organized by The British Council. Through intellectual leaning hard work, and above all the team work has brought forth a satisfying outcome which is good enough for self-congratulation.

We won the ISA Award on 27th Aug 2017. The descriptions of ISA are as follows:

- The Journey began with the registration in April 2016 where we got selected including 100 schools in and out of the valley.
 - 1st phase was the orientation by the facilitator British Council held on 2nd and 3rd August 2016.

5. EDUCATION FOR HUMAN EXCELLENCE

We ardently believe in the power of education to “Fashion man”. Proper Education imparted by sincere and dedicated maneuvers would help to manifest the perfection inherent in every human being. For this, KBS organized G.D. class (Group Discussion class) blended harmoniously with spiritual input, its moral and spiritual values acting as a strong force against the deafening effects of alienation and de-humanization, which are inevitable concomitants of a materialistic civilization. Through intellectual exposition of G.D., elite group of KBS are getting prepared for challenges in years to come.

KBS has been sustaining its position and rank in S.L.C. result since 2000 A.D. year by year, the progress is improving in S.L.C This year we achieved 17 - A+, 34 - A, 8 - B+, 4 - B grade. KBS family extends its hearty congratulations and expresses good wishes for heir bright future.
